

Mobile Single Sign-On (SSO) Overview

Quick Reference Guide

This guide will provide you with an overview of how to use Single Sign-On (SSO) on your mobile device.

Logging in to Wand Mobile

How to sign in using your company network credentials

Download the App

Before you begin, download the Wand Mobile App from the App Store or Google Play Store.

Signing In for the First Time

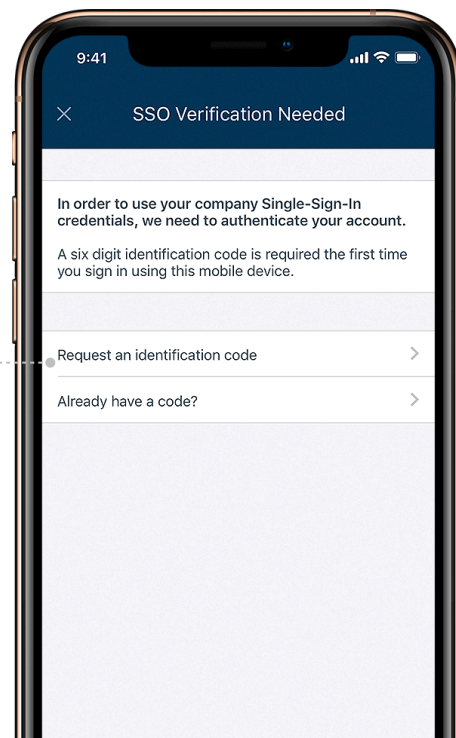

The first time you log in to Wand Mobile using Single Sign-On (SSO), you'll be prompted to verify your company network credentials.

- Tap on **“Sign In with company SSO?”**

SSO Verification

In order to use your company SSO credentials, you'll need to authenticate your account by requesting a six-digit identification code.

- Tap on **“Request an identification code”**

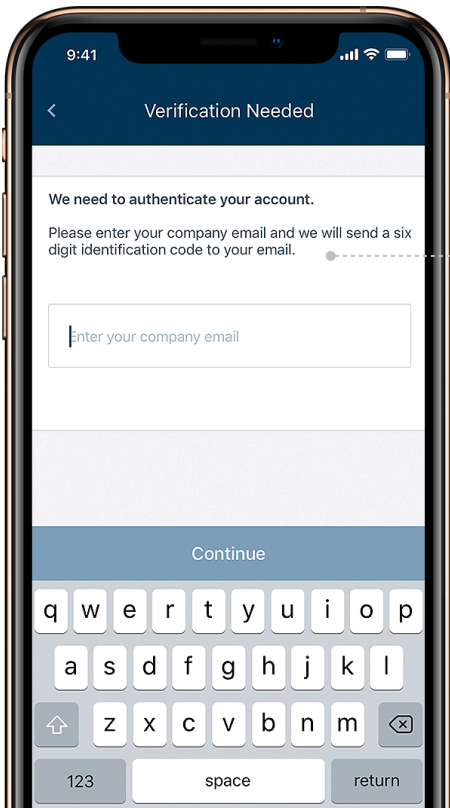

Logging in to Wand Mobile

How to sign in using your company network credentials

Requesting SSO Identification

To request the six-digit identification code, you'll need to provide your company email address.

- Enter your **company email address**

Complete the Verification Process

Check your company email inbox for the identification code and enter the code you received to verify.

- Enter the **identification code** you received in your email inbox

Sign In with Single Sign-On

After successful SSO verification, you can now use your company network credentials to log in to Wand Mobile.
